OUTSIDE

This is designed for easy maintenance with artificial lawn and paved patio areas adjoining the rear of the property. The garden is secluded behind both close board and panelled fencing. To the rear boundary there is a large home office with underfloor heating, power and lighting. There is an additional decked area at the rear of the property providing an additional seating area and enjoying a Westerly facing aspect.

THE APPROACH

The front garden is designed for easy maintenance being both shingled and having artificial lawn. The front boundary has a low brick wall with a selection of shrub and flower beds throughout and the garden is bounded to the sides by close board and panelled fencing. The driveway provides off road parking for two to three cars subject to size and a brick paved pathway provides direct access to the front door together with a large garden store with remote controlled up and over door, power and light. A pathway extends along the side elevation which in turn leads to the rear garden.
